

WHY KALAS?

WHY KALAS?

Strategically and vertically integrated to provide the very best in process, product, manufacturing, technical expertise, quality and cost-control.

LEGACY

More than a half century of knowledgeable experience producing quality materials.

FULL-SERVICE

Flexible capabilities to meet a range of needs – wire & cable, engineered cable assemblies, bare & tin copper, and custom product, packaging & shipping solutions.

CUSTOM SUPPORT

Comprehensive engineering, product design & technical support, sales & customer service dedicated to meet the unique needs of each customer.

RESPONSIBLE PROVIDER

Investing in ongoing quality assurance initiatives, UL/SAE testing, and ISO 9001 / ISO 14001 certifications, fuel our trusted manufacturing reliability.
